# Lack of progress in replacing the use of animals in science

Directive 2010/63/EU: towards the “**full replacement** of procedures on live animals”

opportunity, and need, for a **paradigm shift** in the way science is performed

implement **science-based policy** [] that is responsive to Citizens’ demands

potential in considering deadlines to **phase out** animal testing in specific areas

# Lack of progress in replacing the use of animals in science

Promising  
developments

No roadmaps

# Key elements of a strategy

Identification of key areas

Redirection of funds

Increase synergies

Setting goals

Building infrastructures

Build trust
